It is wonderful when seniors enjoy the Bible study and it is even better when they start to remember the verses. When they are repeating along with you or remember the stories. This is why we spend the time getting to know the verses and memorize them. This why we can recite them without our Bible. Often in the nursing homes they have lost or can not see the small print of their Bibles. We need to remember:

Psalm 119:11 New International Version

[11] I have hidden your word in my heart
that I might not sin against you.

We remember these verses deep in our hearts so when we can not see the words or lost our Bible we can still feel His comfort. Also the ones in countries that it is illegal to own a Bible you can not take it out of our memory. We bury it there for a great reason:

Deuteronomy 6:12 New International Version

[12] be careful that you do not forget the Lord, who brought you out of Egypt, out of the land of slavery.

We bury it in our hearts so we can remember His goodness. After you keep in deep in you, then you share it with others so they can also

remember the word. You don't have to be a pastor or chaplain to do it just someone who is following God. Remember when the early Christians were following Christ, They had no college or seminary. Paul may have gone to school for it as a teacher of the law but look how far off they were. We teach one another from where we are.

Colossians 3:16 New International Version

[16] Let the message of Christ dwell among you richly as you teach and admonish one another with all wisdom through psalms, hymns, and songs from the Spirit, singing to God with gratitude in your hearts.

With joy in my heart,

Chaplain Tony
