Sometimes Things seem to be going great and suddenly it changes. You have gotten so used to the ways things went you cannot see the outcome now. The way you are used to is different and you adjust. Not ready or willing to adjust and it seems like the end of the way it has been going. Any growth requires you to fand a new way.

Proverbs 3:5-6 New International Version

5 Trust in the Lord with all your heart
and lean not on your own understanding;
6 in all your ways submit to him,
and he will make your paths straight.[a]

This new way is in the Lord. He will make our paths straight and take care of us. Often as the one bringing comfort to others, we forget this but, in the end, we have to remember he is with us. He will take care of us. We as caregivers need to remember the advice we give others applies to us as well.

Isaiah 43:2 New International Version

2 When you pass through the waters,
I will be with you;
and when you pass through the rivers,
they will not sweep over you.
When you walk through the fire,
you will not be burned;
the flames will not set you ablaze.

He will be with us always, not allowing you to be swept away or burned up. We have to give all our faith to Him. Even when we see our life turned upside down, the normal going away. We must hang on and see His new plan. He has one for us and it is a perfect one.

Jeremiah 29:11 New International Version

[11] For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future.

He loves you so much he has a plan. Not just for the world but you, personally. He cares that much to have one for you. Walk with him and His plan.

Walking with Him,

Chaplain Tony
