Believing is always hard. Often, I hear if only I was around when God talked to Moses I would believe. There were countless people who did not. Look how hard Pharaoh's heart was hardened. To top this off the Israelites didn't even believe. When Moses left for 40 days to get the 10 commandments from God his people asked to have gods created from gold. They could see the lightning over the mountain; they were part of the exodus they saw what God did yet still did not have the belief. Got talked about them:

Exodus 32:9

New International Version

⁹“I have seen these people,” the Lord said to Moses, “and they are a stiff-necked people.

This term is used to describe someone who is stubborn, rebellious, and refuses God's guidance. But then I hear well, if I was alive during Jesus' day walking the earth. But during his time there were many non-believers even ones who were in his proximity. The Jewish nation as a whole is an example of not seeing their own messiah. He was right in front of them yet unknown.

I feel right now we are in the best time to believe. We have the full Bible to read both the old and new testament. But still, we have many who do not believe in Christ. Christ addresses this in John chapter 14:

John 14:1

New International Version

Jesus Comforts His Disciples

14 “Do not let your hearts be troubled. You believe in God^[a]; believe also in me.

We must believe in Christ as well Always FOLLOING Him,

Chaplain Tony
