

17 June 2026

Life is something that can go good or bad. When we have The Lord in our life it is good and better. The reason being you look for the positive. Something I don't see the current kids doing. All I hear is bad. At the same time the generation before me went through world wars depression Spanish flu and all they remember is the good old days. God says:

Genesis 50:20

New International Version

²⁰ You intended to harm me, but God intended it for good to accomplish what is now being done, the saving of many lives.

We can look in all situations and find the good. When I hear the stories from the men who grew up in the great depression I hear stories of the fun the family would pick fruits and veggies together in the field. Not the fact that they had no job and did this just to have food to eat.

Or even with my generation growing up I never saw myself as poor but looking back I see that we were my parents made the best of all.

We need to remember to make the best of all situations. I learned so much from those times I could not have without the struggles.

2 Peter 2:21

New International Version

²¹ It would have been better for them not to have known the way of righteousness, than to have known it and then to turn their backs on the sacred command that was passed on to them.

Struggling in Christ,

Chaplain Tony
