

27 July 2026

In hospice you hear a lot of broken hearts. As they remember when they first dropped off their loved one in the nursing home, as they recall when they walked around looking forward to the visit from their spouse. To when they are no longer walking and now speech doesn't make sense. God's creation broke down.

Ecclesiastes 1:4

New International Version

**⁴Generations come and generations go,
but the earth remains forever.**

So these bodies don't last forever, they will break down and pass just like the grass and flowers:

Isaiah 40:8

New International Version

**⁸The grass withers and the flowers fall,
but the word of our God endures forever."**

His love lasts forever and so will the spiritual bodies we are given in heaven. No more pain, no more suffering just glory to God.

We will finish this thought tomorrow but remember to trust in Him
