

12 Sept 2026

The past few days we have been talking about how we can help others redefine themselves and how we need to start with ourself. I was talking yesterday about what I was doing. Going through this process on myself so I can use to it help other Christians. Left off on looking for a way to multiply my work. Can only do so many Bible studies, can only be in so many places and at some point at an age that I can not do it anymore so how can I glorify Him?

Ephesians 4:29

New International Version

²⁹ Do not let any unwholesome talk come out of your mouths, but only what is helpful for building others up according to their needs, that it may benefit those who listen.

This is how I need to focus on it. So, after prayer and meditation on where I should go God lead me to this plan. Started with these daily devotionals for others to learn from. While doing them the past few months been working on recording all my senior services to be put on-line. Don't know if they will end up on Facebook probably not all but all will be on the website I have been creating. Working on getting then first few up soon. Keep running into issues not tech savvy but God is pulling me though it. I am ion a labor of Love with God.

Hebrews 6:10

New International Version

¹⁰ God is not unjust; he will not forget your work and the love you have shown him as you have helped his people and continue to help them.

Also using this knowledge to share with my hospice patients who need to feel useful again. After all this is all we want to find our purpose and when lost due to not able then what can we do now. Keep loving Him so you can move forward.

Walking with Him,

Chaplain Tony
