

23 Sept 2026

To continue with yesterday's topic of people being lonely. What do we do about it? As fellow Christians we take to time to get to their level. Things that may have no interest in what I love but for them and their love. When we talk about their past what there Passons have been we get on their level. This doesn't require you to be a pastor to do just a human.

Philippians 2:4

New International Version

⁴not looking to your own interests but each of you to the interests of the others.

We are supposed to be interested in others interests, not our own. So even though I have none in engine repair or commercial fishing I listen to their stories and find their passion in it. To allow them to relive their glory days. Maybe I can learn something that might allow me to grow. After all we are here to grow. But is this wat God does as well?

Proverbs 16:3

New International Version

**³Commit to the Lord whatever you do,
and he will establish your plans.**

He has so much interest in our plans that He wants us to commit them to him. We need to have the same passion for others. Stop hear and ask questions. We learn about it with a zeal that wants them to talk about it more. We learn about them and how they lived in that day. After all God says we need to fellowship with one another as we are learning about God. This is why the early Christians meet twice a day like the early Jews. To get to know the other Christians lives.

Hebrews 10:24-25

New International Version

²⁴ And let us consider how we may spur one another on toward love and good deeds, ²⁵ not giving up meeting together, as some are in the habit of doing, but encouraging one another—and all the more as you see the Day approaching.

To build up one another,

Chaplain Tony
